

**BOARD OF ZONING ADJUSTMENT
REQUEST FOR SPECIAL EXCEPTION**

Notice to Applicants

A **Special Exception**, sometimes referred to as a "Special Use," is a refining mechanism available to the Board of Zoning Adjustment.

The Land Use and Development Ordinance provides for the division of the City into zoning districts where there are specific uses which may be permitted if there are compatible with the character of the neighborhood. In addition to these permitted uses, there are other uses which may be necessary or desirable to allow in the zoning district, but because of their actual or potential impact on neighboring uses need to be carefully regulated with respect to their location. Such uses, because of their peculiar needs or the nature of the service offered, may be established in a zoning district in which they may not be reasonably allowed as a permitted use, but are generally specified in the District Requirements under **"Use Permitted by Special Exception."**

Under the provisions of Section 11-52-80, Title 11, Code of Alabama, the Board of Zoning Adjustment is empowered "in appropriate cases and subject to appropriate conditions and safeguards, to make a **Special Exception** to the terms of the Ordinance in harmony with its general purposes and interest and in accordance with general or specific rules therein contained."

No **Special Exception** may be granted which may adversely affect the surrounding properties or the character of the neighborhood. A **Special Exception** must be in harmony with the intent and purpose of the Land Use and Development Ordinance.
