Description of proposed subdivision in SEC ____ TSHP ____ RANGE ____ MAP BOOK ____ PAGE ____ DATED ____ or SLIDE NO. ____. Is staged development proposed? __ IF YES, a master plan is required, sufficient in scope and detail to substantially reflect the FINAL and complete development. Is the subject property within the corporate limits? __ IF NO, is it contiguous? __ IF YES, is annexation proposed? __ Is the subject property within the three mile planning jurisdiction of the City of Saraland? __ Will improvements be installed prior to FINAL plat approval? __ IF NO, attach an Engineer’s certified detailed cost estimate, letter, and financial guaranty to FINAL APPLICATION.

______________________________
SIGNATURE OF OWNER or AUTHORIZED REPRESENTATIVE
The applicant or the agent (if an agent is authorized) must be present at the hearing.

Revised 4/20/17
The submittal for Final Plat Review shall include the following information, unless said requirement(s) is waived by the Building Official.

Additional information may be required for the full and proper consideration of the Planning Commission.

1. ( ) Name and address of owner of record and subdivider.

2. ( ) Name and registration number of surveyor and engineer.

3. ( ) Proposed name of subdivision and its acreage.

4. ( ) North Arrow, graphic bar scale of not less than 1” = 100’, and date.

5. ( ) Vicinity map showing location.

6. ( ) Names and addresses of owners of record of adjoining land with approximate acreage.

7. ( ) Block letters and lot numbers.

8. ( ) Indication of zoning district, if such exist. Indicate the proposed use of all land within the subdivision in the site data, as well as, on the plat and any restrictions on the lots.

9. ( ) Exact boundary lines of the tract by bearings and distance, also bearings and distance to the nearest established street lines or official monuments, location of concrete monuments, section corner accurately tied to the lines of the subdivision by distances and bearings to an adjacent plat which is tied to a section corner.

10. ( ) Subdivision layout using contours of vertical intervals of not more than five (5) feet. Layout to include streets, alleys and easements with both dimensions and proposed street names, lot lines with dimensions to the nearest one-hundredth (1/100) foot and bearings to the nearest second.

11. ( ) Typical street cross-sections and center-line profiles.

12. ( ) Existing streets, utilities, and easements on and adjacent to the tract including the size and width of each.
13. (   ) Location of drainage facilities, as well as, the easements for such facilities.

14. (   ) Proposed location of land dedicated on the plat for common areas and detention ponds for all subdivisions. Note regarding ownership and maintenance.

15. (   ) Provision for recreational area for a subdivision of five (5) or more acres.

16. (   ) Utility layouts for (sewer, water, gas, and electricity) including pipe sizes, and the location of valves and fire hydrants, and showing feasible connections where possible to existing utility systems. (Utility Sheet shall be a separate sheet).

17. (   ) Note stating: For the location of all utilities see construction plans.

18. (   ) Minimum building setback line note, as well as, indicated on plat.

19. (   ) Location of streams, lakes and swamps and land subject to flooding as determined from past history of flooding, and as delineated by the U.S.G.S. or U.S. Army Corps of Engineers.

20. (   ) Soils in the area to be subdivided at a scale equal to that of the Preliminary Plat, except when sanitary sewer is installed.

21. (   ) Certifications showing the following:

   a. Surveyor’s attest to the accuracy of the survey.
   b. Notarized proof of ownership of the land.
   c. Compliance with applicable board of Health Codes and Ordinances. (Certification is not necessary when sanitary sewer is installed).
   d. Space on the Plat for approval of the City of Saraland Planning Commission.
   e. Engineer’s certification that all improvements have been installed in accordance with the requirements of the Subdivision Regulations or that a bond in sufficient amount (150%) to assure the proper installation of such improvements has been accepted by the City of Saraland.
f. Building Official for the City of Saraland certification stating that the plat and plans have been reviewed in accordance with the Land Use and Development Ordinance, (not applicable if located in the County).

g. Utilities Board for the City of Saraland certification stating that the utility improvements have been installed in accordance with the minimum standards of the Utilities Board.

h. Certification indicating flood zone, if applicable.

i. Appropriate block for the Authorization of recording of said Plat by the Judge of Probate.

j. County Engineer certification, if applicable.

22. ( ) Plat must state Final Plat.

23. ( ) Note stating that sidewalks will be installed at the time of residential construction.

24. ( ) Perk Test Report from Board of Health if on septic tank

25. ( ) All Applicable ADEM and ALDOT Permits

26. ( ) Electronic submission of plans in PDF format.

THE CITY OF SARALAND
ENGINEER’S AS-BUILT CERTIFICATION FOR SUBDIVISIONS

Project Name: ____________________________________________________________

Address: __________________________________________________________________

Date Project Completed: _____________________________________________________

An * below indicates that 24 hour notice must be given to the Building Department prior to the
start of these items.

Initial each of the items below and provide additional information as required.

* _____ Construction start date. ______________

* _____ Start date of storm sewer construction: ______________

* _____ Start date of subgrade testing: ______________

* _____ Start date of base testing: ______________

* _____ Start date of paving: ______________

* _____ Start date of storm sewer construction: ______________

_____ Streets, storm drain system, and storm water detention were constructed in accordance
with the approved plans and as-built elevations taken and recorded.

_____ Two copies of the testing laboratory’s findings have been provided to the Building Department.

_____ I have reviewed the laboratory test results and find that the base and subgrade layers
and asphalt paving are satisfactory with regard to composition, thickness, and density.

_____ Finished street cross-slopes conform to the approved plans.

_____ The asphalt paving overlaps the concrete gutter as required.

_____ Underdrains were/were not installed. An underdrain location drawing was provided
with the as-built drawings.

_____ Junction box invert elevations, and outfall elevations were checked and are in
accordance with the approved plans, or elevation differences noted on the as-built
drawings provided to the Building Department.

_____ As-built drawings have been provided to the Building Department.
Surveyed storm water detention volume: ________________ cubic feet.

Required storm water detention volume: ________________ cubic feet.

The orifice is sized and installed correctly. If the detention control structure is an orifice plate: Measured size ___________ in. Required size: _______ in.

The orifice plate is securely attached.

Embankment and/or excavated slopes appear to be stable and are covered in a suitable manner so as to prevent erosion.

Headwalls are properly constructed. Adjacent surfaces are stable.

Inlets and storm drain lines are free of sediment and debris.

The required size and quantity of rip-rap was provided at the outfall discharge point.

Filter blanket was provided and properly installed under the rip-rap.

Manhole and utility rings are properly installed.

Within the Home Owners Association Restrictive Covenants, the Association assumes responsibility for maintenance of storm water detention facilities. The Covenants were recorded in map book _____, page number __________ on date __________. A copy has been provided to the City Building Department.

I hereby certify that this project was built in accordance with the approved plans, and that drawings and calculations of any significant changes in the final construction of the project from what was shown on the previously approved plans have been submitted to the City Building Department.

I further certify that this subdivision was constructed with my inspection and was constructed in accordance with the Alabama Department of Transportation Standard Specifications for Highway Construction, current edition.

I acknowledge, in the event that the Certification given herein is determined by the Building Inspector to be grossly incorrect, the City of Saraland may thereafter refuse to accept the certification of the undersigned.

CITY OF SARALAND
PETITION FOR ACCEPTANCE
FOR ROAD(S) AND/OR RIGHTS-OF-WAY

SUBDIVISION NAME: ________________________

LOCATION: ______________________________

THIS ACCEPTANCE OF ROADS AND RIGHTS-OF-WAY is made this_______day of
__________, ______ by____________________, hereinafter called the Subdivider, owner of
certain property located in Mobile County, Alabama known as________________ Subdivision to be recorded in the office of the Judge of Probate of
Mobile County, Alabama; and,

WHEREAS, the Subdivider has agreed to the dedication of the roads and rights-of-way located in said subdivision to the City of Saraland, and further warrants that said roads and rights-of-way are complete and are in compliance with the minimum standards as outlined for construction in the City of Saraland Land Use and Development Ordinance, Article XVII, entitled Procedures for Subdivision Review, and Article XI, Minimum Requirements and Required Improvements. The Subdivider further warrants that the same are free from defects from any cause and are free and clear of any liens and encumbrances; and,

WHEREAS, the Subdivider does hereby agree to provide a Maintenance Bond, as outlined in Article XVII, entitled Procedures for Subdivision Review, in an amount equal to twenty-five (25) percent of the total street, utility, and drainage improvements ($______________) in the subdivision for a period of two (2) years after the date of their acceptance and dedication of the same to the City. Said bond shall be required by the City as a condition to the acceptance and dedication of any new roads or rights-of-way within the City; and

WHEREAS, the Project Engineer acting on behalf of the Subdivider does hereby certify that all roads and rights-of-ways are complete and are in compliance with the minimum standards as outlined for construction the City of Saraland Land Use and Development Ordinance, Article XVII, entitled, Procedures for Subdivision Review, and Article XI, Minimum Requirements and Required Improvements, and were built in compliance with the Alabama Department of Transportation Standard Specifications for Highway Construction, current edition.

WHEREAS, the City of Saraland, Alabama, acting by and through the recommendation of the City of Saraland Planning Commission, has agreed to accept the responsibility for the maintenance of the roads and rights-of-way of said subdivision subject to a two (2) year maintenance period as described above; and,
WHEREAS, the City of Saraland has agreed to accept the property within the confines of the road right-of-way which does not include drainage or utility easements of any other improvements outside of these confines.

NOW, THEREFORE, in consideration of the premises, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Subdivider does hereby dedicate the roads and right-of-way in said subdivision to the City of Saraland, a municipal corporation, as per the recommendation of the City of Saraland Planning Commission at their regular meeting of ________________. That said subdivision according the plat recorded in the Judge of Probate, Mobile County, Alabama and said streets being named________________________________________________________
__________________________________________________________

are hereby accepted for maintenance by the City of Saraland, Alabama as a city street(s).

IN WITNESS WHEREOF, the Subdivider has caused the execution of this dedication as of the date set forth above.

Respectfully submitted,

City of Saraland
Maintenance Agreement for
Stormwater Management Facilities

This Maintenance Agreement is made this ___ day of ________________, 20___ by and between ______________________________________and the City of Saraland, Alabama.

The project name is ________________________________________________________.

The location is: ________________________________________________, Saraland, AL.

The project’s Tax Map and Lot Numbers are Tax Map ________, Lot ____________.

The project is shown on a plan entitled “____________________________” dated ____________ and most recently revised on ____________, approved by the ____________ [Municipal Permitting Board] on _______________ and recorded in the Mobile County Registry of Deeds in Plan Book ________________ Page _____ (the “Project”).

WHEREAS, the approval of the Project includes Stormwater Management Facilities which requires periodic maintenance; and

WHEREAS, in consideration of the approval of the Project the City of Saraland requires that periodic maintenance be performed on the Stormwater Management Facilities;

NOW, THEREFORE, in consideration of the mutual benefits accruing from the approval of the Project by the City of Saraland and the agreement of _____________________ to maintain the Stormwater Management Facilities, the parties herby agree as follows:

1. _____________________, for herself/himself/itself, and her/his/its successors and assigns, agrees to the following:

(a) To inspect, clean, maintain, and repair the Stormwater Management Facilities, which includes, to the extent they exist, parking areas, catch basins, detention basins or ponds, drainage swales, pipes and related structures, as required by Section 6 of the City’s Post-Construction Stormwater Management Ordinance, to prevent the buildup and storage of sediment and debris in the system;

(b) To repair any deficiencies in the Stormwater Management Facilities noted during the required inspection;

(c) To provide a summary report on the inspection, maintenance, and repair activities performed, as required by Section 6 of the City’s Post-Construction Stormwater Management Ordinance, on the Stormwater Management Facilities to the City Enforcement Authority;

(d) To allow access by City personnel or the City’s designee for inspecting the Stormwater Management Facilities for conformance with these requirements.
(e) To create a homeowners’ association for the purpose of maintaining the *Stormwater Management Facilities.*

2. Upon creation of the homeowners’ association, the homeowners’ association shall become responsible for compliance with the terms of this Agreement.

3. This Agreement shall constitute a covenant running with the land, and _______________ shall reference this Agreement in all deeds to lots and/or units within the Project.
