Councilmember Biggs spoke in opposition to the proposed agreement with AJM, LLC SARALAND AL, LLC., concerning the sale and redevelopment of the K-Mart Plaza located at 933 through 951 Saraland Boulevard South in Saraland, Alabama.

At the regularly scheduled Council Meeting held on May 8, 2023, Councilmember Biggs asked that the minutes of May 4, 2023 be amended to include the following:

HAVING HAD OPPORTUNITY TO LOOK OVER THE PROPOSAL THAT WE HAVE IN FRONT OF US IN DEPTH, I HAVE MANY CONCERNS, MOST OF WHICH CENTER AROUND THE REAL DOLLAR INCENTIVES, AS WELL AS THE ADDITIONAL BURDENS THAT WILL BE PLACED ON THE CITY IF WE AGREE TO THIS.

That being said, let me first start by saying that I appreciate the effort that goes into these types of transactions, and I want to thank those who worked so hard to try to come up with a viable solution. Having gone through this when Harbert first came to Saraland and the Publix discussions developed into the location on Shell Street, without any incentives from the city I might add, I understand the time and effort that it takes. I personally, along with members of Mike Black's department, put in many, many hours to bring the Publix to fruition. So, I believe I can honestly say that I understand what was trying to be accomplished here. Unfortunately, after all the work that went into this, I cannot find the relative benefit to the city that one would desire from a project of this size and scope.

Another realization is that we missed several opportunities to have the old K-Mart/Food World portion of the center redeveloped, all the while retaining ownership of the northern most portion. But every one of those proposals, and there were several, were bayoneted by an insistence from city leadership that any developer who sought to redevelop the center had to agree, in writing, that they would recruit a family entertainment center. Those types of demands are unheard of because there is not a developer alive that can guarantee that they will bring a certain type of business. Another important fact about these proposals was that the developers were going to write the city a check that we could keep, that really would go towards the construction

of a new city complex — on property we already owned and that was completely paid for.

Now. The Mayor the other day had his Coffee with the Mayor that is sponsored by the chamber, and he told everyone there and all the people who have seen the video of it that streamed on social media that Saraland was getting a Rural King and that it was a cross between a Home Depot (buzz words in Saraland) and a Tractor Supply. Rural King is nothing like Home Depot. It is a Tractor Supply on steroids. He also told them that he was building a new city hall with the money he was getting from the sale of the Kmart property. He could not tell them where it was yet. That's because we don't have any property if we approve this deal. He did tell them that the new city hall would be built with the money that he's getting from Rural King. Well, that's about \$300,000 — per year. The cheapest city hall we can build will cost around \$11 million and with land cost from \$1 million to \$3 million — the note on just a city hall will be north of \$82,000 per month, or \$990,552 per year. How do we pay that with \$300,000??? They are also using their supposed extensive retail contacts to recruit restaurants and stores. I looked up about a dozen of their properties and they are all free-standing stores with nothing around them.

Councilmember Cromer spoke in favor of the proposed agreement with AJM, LLC SARALAND AL, LLC., concerning the sale and redevelopment of the K-Mart Plaza located at 933 through 951 Saraland Boulevard South in Saraland, Alabama, and asked that his key points be inserted into the minutes:

Key Points for Rural King Proposal:

- (1) We have actively entertained developmental opportunities for this property for several years. To date, no sound opportunities have worked out for the City.
- (2) We have been considering the Rural King opportunity for over a year with the Mayor and Attorney having led negotiations. Those cities in Alabama who currently have Rural King stores, have been pleased with their performance and economic vitality.
- (3) Rural King will be a large draw, not only to the North Mobile area residents, but will include those in Baldwin County and other agricultural communities further up Interstate 65, as well as other markets.
- (4) Rural King will market the entire 12-acre retail complex, drawing stable retailers and restaurants, which will increase tax revenues for the City of Saraland.
- (5) Rural King has a solid offer to allow us to transform the above-mentioned property into a good retail tax base. Rural King is a developer, who will ensure these parcels are leased out or they will make no lease monies. With this type of deal, there will be no middleman group.
- (6) Terms of the deal with Rural King are solid and tax incentives apply to the entire development, not just the prime anchor store. Thus, incentive obligation will be fulfilled sooner than relying on just the anchor Rural King store.

- (7) The City Hall complex and replacement facilities have been a concern of mine; however, I trust the Mayor and our entire team will work on temporary facilities until a new City Hall complex can be realized.
- (8) I feel the future tax revenue generated in this Rural King deal is essential in proving a funding base for new City Hall concepts and being able to pay for a state-of-the-art facility.
- (9) Lastly, I am concerned if we say NO to this deal, we may be occupying the current facility for years to come.
