

CITY OF SARALAND
BOARD OF ZONING ADJUSTMENT
REQUEST FOR VARIANCE

Notice to Applicants

A **variance** is a zoning adjustment which permits minor changes of district requirements where individual's properties are both harshly and uniquely burdened by the strict application of the law. The power to vary is restricted and the degree of variation is limited to the minimum change necessary to overcome the inequality inherent in the property. Use variances are specifically prohibited. "Variance" means the modification of the requirements of a zoning district and does not include the substitution of uses assigned to other districts.

A variance recognizes that the same district requirements do not affect all properties equally; it was devised to permit minor changes to allow hardship properties to enjoy equal opportunities with properties similarly zoned. You must prove that your land is affected by special circumstances or unusual conditions. These must result in uncommon hardship and unequal treatment under the strict application of the City of Saraland's Land Use and Development Ordinance. Where some general hardship conditions extend to other properties, a variance cannot be granted. The remedy for general hardship is a change of the map or the text of the City of Saraland's Land Use and Development Ordinance.

You must prove that the combination of the City of Saraland's Land Use and Development Ordinance and the uncommon conditions of your property prevent you from making any reasonable use of your land as permitted by your present zoning district. Since zoning regulates land and not people, the following conditions **CANNOT** be considered pertinent to the application for a Variance:

- (1) Proof that a variance would increase the financial return from the land
- (2) Personal hardship
- (3) Self-imposed hardship

In the last case, the recognition of conditions created after the enactment of the City of Saraland's Land Use and Development Ordinance would not encourage and condone violation of the law.

No variance may be granted which would adversely affect surrounding property or the general neighborhood. All variances must be in harmony with the intent and purposes of the City of Saraland's Land Use and Development Ordinance.

The applicant or the agent (if an agent is authorized) must be present at the hearing.

Note: There is a \$150 base fee, plus a \$9 cost per letter sent to adjacent property owners for the purpose of advertising the public hearing. Adjacent property owners include the subject property, properties touching corners, and properties across the street.
